Professional Summary

A passionate and highly skilled **Full-Stack Developer** with a strong foundation in building dynamic, scalable, and responsive web applications. Experienced in developing user-focused websites for clients and personal projects, including real-time features like chat implementations. Proficient in both frontend and backend technologies, with a keen interest in emerging tools and frameworks to enhance performance and solve complex problems.

Technical Skills

Frontend

- HTML, CSS, Tailwind CSS, JavaScript, TypeScript, React.js, Next.js

Backend

- Node.js, Express.js, MongoDB, Mongoose, PostgreSQL, REST API, GraphQL

Tools & Others

- Git, VS Code, Postman, Docker, AWS

Professional Experience

Freelance Full-Stack Developer

Self-Employed • Lokogoma, Abuja Nov 2024 - Present

- Designed and developed responsive websites for clients, ensuring excellent user experience and functionality.
- Built a real-time chat feature for a client website using React.js, Node.js, and WebSockets.
- Implemented social media blog functionality for a personal project, leveraging Next.js and MongoDB for scalability.

- Integrated RESTful and GraphQL APIs to enable efficient client-server communication.
- Deployed projects using Docker and AWS, ensuring smooth and secure operations.
- Optimized site performance by minimizing load times and utilizing caching strategies.

Projects

Social Media Blog Platform

Technologies: Next.js, MongoDB, Tailwind CSS

- Developed a social media blog site featuring user authentication, post creation, and comments functionality.
- Designed an intuitive and mobile-friendly UI using Tailwind CSS.
- Integrated MongoDB for secure and scalable data storage.

Real-Time Chat Application

Technologies: React.js, Node.js, WebSocket, PostgreSQL

- Implemented a real-time chat feature for a client's platform using WebSockets.
- Ensured seamless interaction between users with efficient data flow and low-latency communication.
- Used PostgreSQL to manage user data and chat history reliably.

Education

Higher National Diploma (HND) in Civil Engineering
Akanuibiam Federal Polytechnic • Unwana, Ebonyi
November 2018 – March 2021
